BRIFF INFORMATION ABOUT THE COMPANY

The information-publishing center «Modern Building Constructions» works in the market of information services in the field of construction, from 1997. For the first time in Russia, another 19 years ago, we began production of independent specialized periodic publications for the professionals of construction industry.

Currently IC «Modern Building Constructions» issued - 6 magazines, conducts analytical research, carries out information and consulting services, organizes conferences, exhibitions, business trips, provides other services.

For 1997-2014, we have prepared 343 editions of magazines, 7 catalogs- directories, 4 volumes of scientific conferences, more than 70 analytical reports.

Our partners we offer not just advertising in our publications, and the range of services and activities aimed at the promotion of products, support of image and business reputation, successful business development.

OUR MISSION

Provide the business community with the objective information necessary for making the right decisions!

**OUR SLOGAN:
ESPECIALLY FOR SPECIALISTS!**

A SERIES OF MAGAZINES «MODERN BUILDING CONSTRUCTIONS»

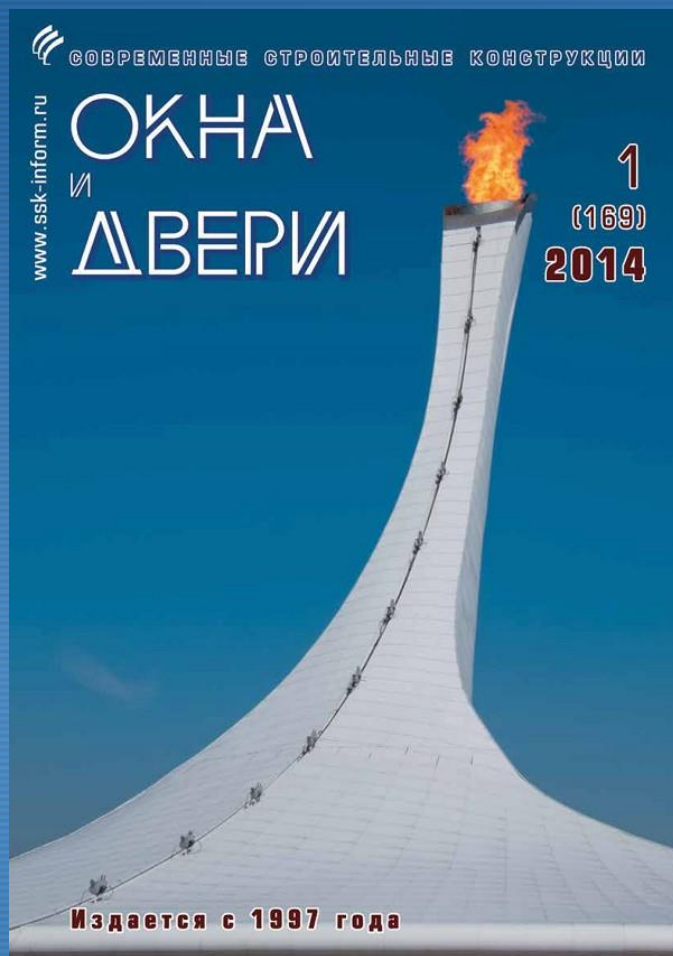

- «Okna i Dveri» (Windows & Doors)
- «Steny i Fasady» (Walls & Facades)
- «Fasadnye sistemy» (Facade Systems)
- «Krovlya i Izolyatsiya» (Roof & Insulation)
- «Sovremenniy Stroitel'nyye Konstruktsiy» (Modern Building Constructions)

In 2012, we launched the production of new magazines:

- «Green Building Technology»
- «Roller-Shutters. Gate. Sun-Protection Designs»

Our publications create a single informational space for professionals employed in the field of designing, manufacturing, installation and operation of the enclosing structures of buildings and constructions.

«Okna I Dveri» (Windows & Doors)

The magazine regularly published since 1997

Printing - 7.5 thousand copies.

Six issues per year.

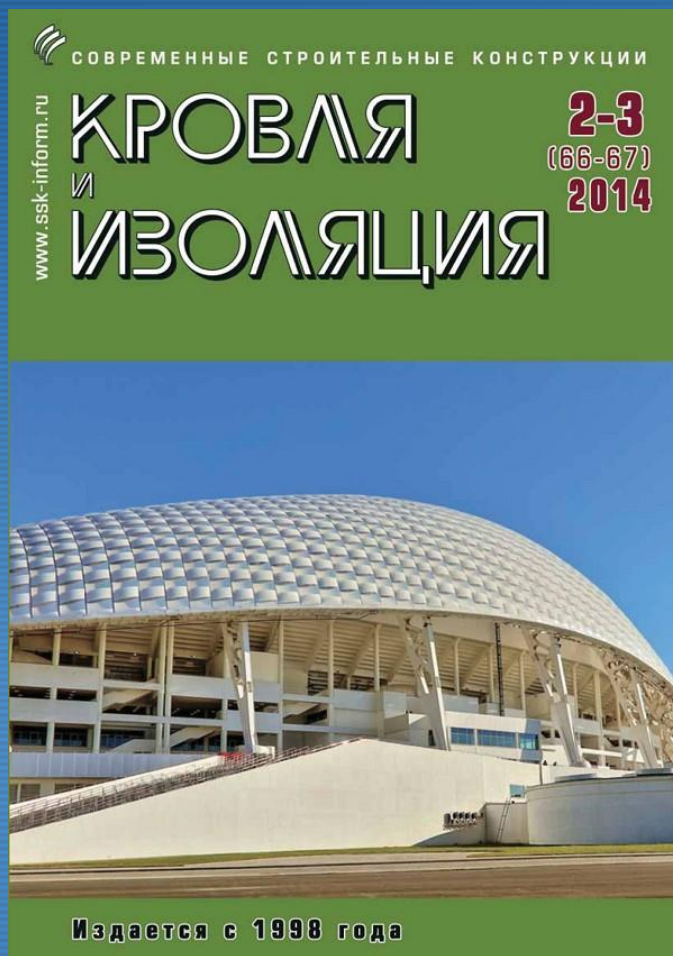

Full-color edition.

Number of pages - 56-80.

Main topics:

window, door and facade systems, technologies and equipment, system profiles, components and materials, the installation of Windows, window market, consumer market, technical regulation

«Krovly I Izolyatsiya» (Roof & Insulation)

The magazine regularly published since 1998

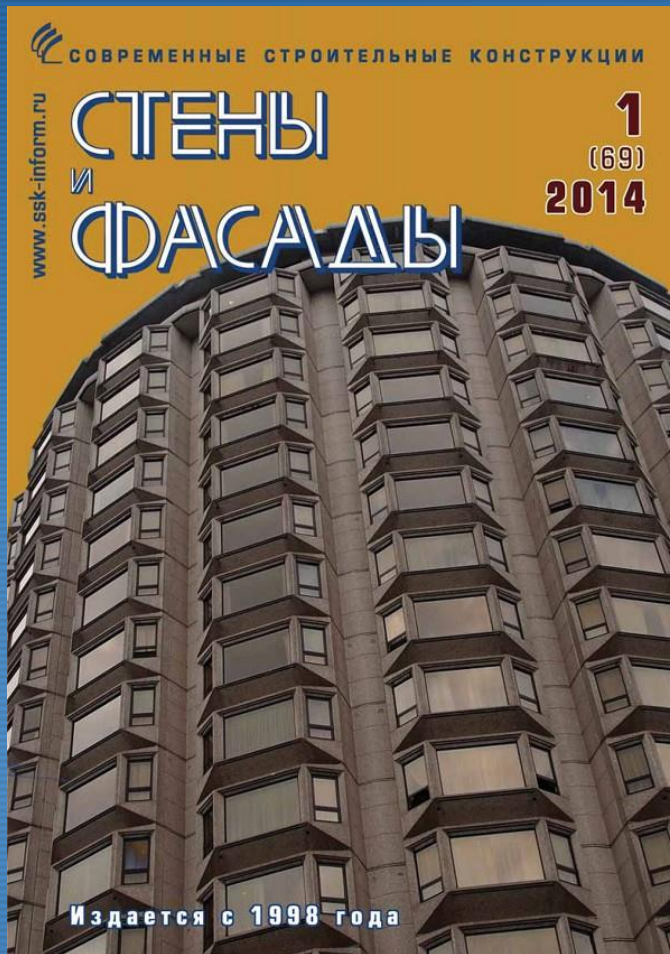

Printing - 5 thousand copies. The four numbers in a year. Full-color edition.

Number of pages - 58-64.

Main topics:

roofing system, roofing metal, soft, pitched, glass, solar, the market of roofing and insulating materials, energy-saving, technical regulation

«Steny I Fasady» (Wools & Fasades)

The magazine regularly published since 1998

Printing – 6,5 thousand copies.

The two numbers in a year.

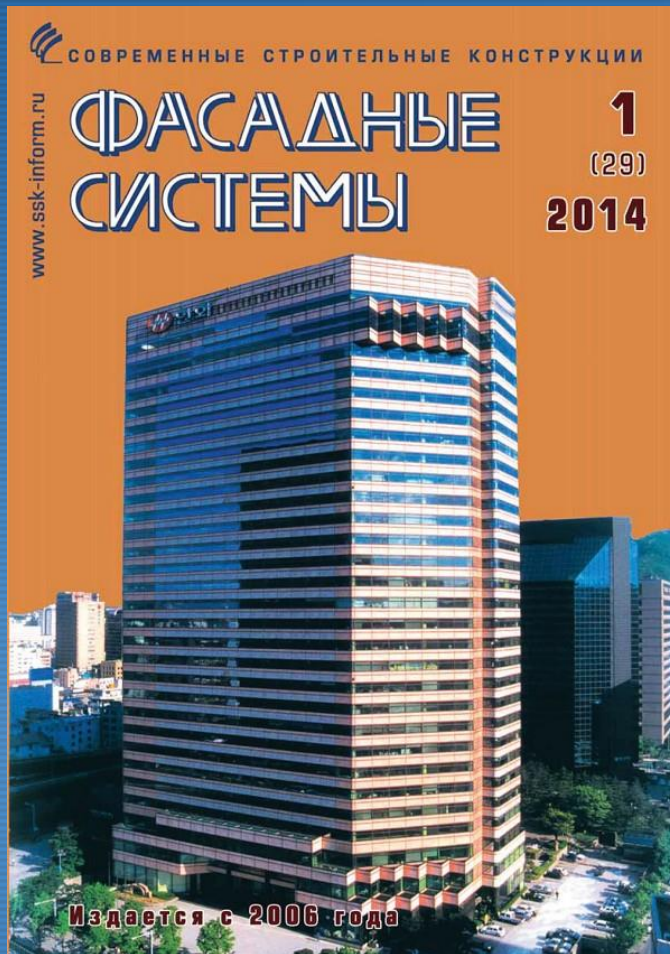

Full-color edition.

Number of pages - 56-64.

Main topics:

energy saving systems, thermal insulation, facade systems (including plastering), low-rise building construction, formwork systems, frame housing construction, the construction market, consumer market, self-regulation

«Fasadnye Sistemy» (Facade Systems)

The magazine regularly published
Since 2007

Printing - 5 thousand copies.

The four numbers in a year.

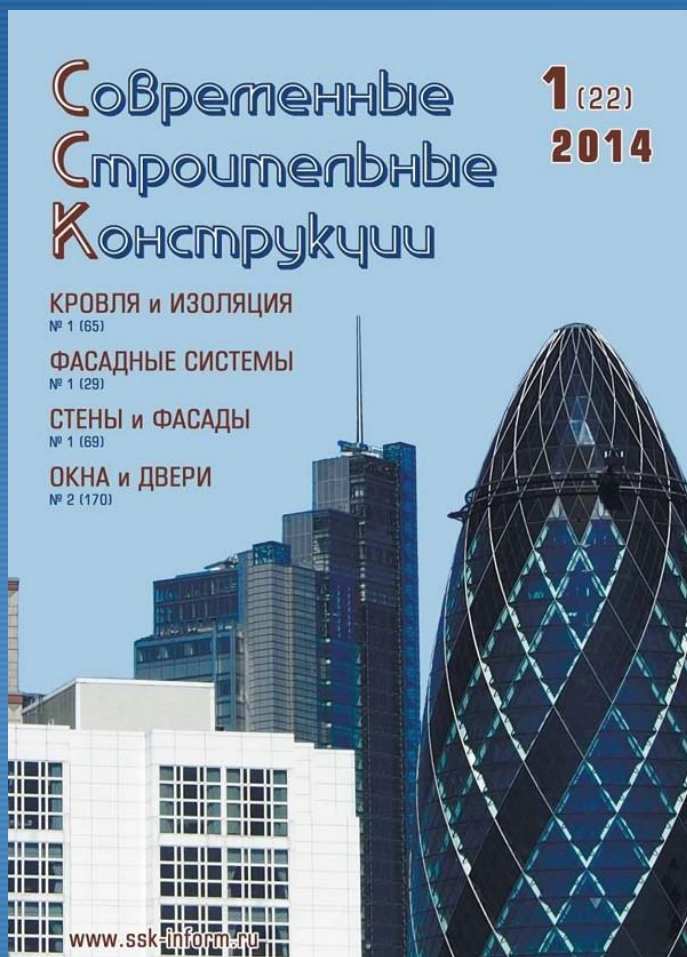

Full-color edition.

Number of pages - 56-64.

Main topics:

System of glass, aluminum and steel, the system ventfasade, solar, bioclimatic system, system profiles, systems of facade insulation, control and automation systems

«Modern Building Constructions»

Consolidated edition, including all construction issues, published since 2003.
Printing up to 15 thousand copies.
The two numbers in a year.
Full-color edition.
Number of pages - 72-96.

The journal presents all the themes of magazines:

- «Okna i Dveri» (Windows & Doors)
- «Steny i Fasady» (Walls & Facades)
- «Fasadnye sistemy» (Facade Systems)
- «Krovlya i Izolyatsiya» (Roof & Insulation)

As well as other topical issues concerning the development of the construction industry

«Green Building Technologies»

THE CHALLENGE!

Today to the construction of places new demands, aimed at energy saving, improvement of quality of life and harmonization of the building objects with the environment. The slogan of the day was a green building.

The challenge of time requires the active use in the construction of innovative technologies, constructions and materials, targeted at protection of the environment, reduction of operational costs, creating comfortable human environment.

The first issue of the magazine came out in 2012. The first readers of the magazine became our constant subscribers.

Full-color edition. The number of bands 60. Format A4 (210x297mm).

Printing 5,0 thousand copies.

The main topics of the magazine:

Passive house, active house, smart house, green house: concepts, options, and technology. The alternative energy industry. PV systems currently, photoelectric elements. System recovery and utilization of low-potential thermal energy. Innovative energy-saving materials and technologies. Integration of energy-efficient systems in building design. Automated systems of building management. IT-technologies. Reconstruction and reduction of energy consumption in buildings. The engineering systems. Economy of energy saving.

We invite You to take part in the launch of a new magazine!

«Shutters. Gate. Sun Constructions»

1
2012

The first issue of the magazine came out in 2012.

First readers of the magazine become our subscribers.

Full-color edition. Number of pages 56-60. Format A4 (210x297mm).

Printing 4,5 thousand copies.

Main topics:

Shutters, blinds, automatic doors, gates. Sun system. Technologies and materials. Equipment. Automation and control systems. Surveillance systems and access control. Constructive solutions. Innovative energy-saving materials and technologies. Design. The interior decisions. Economy. Market.

We invite You to take part in the launch of a new magazine!

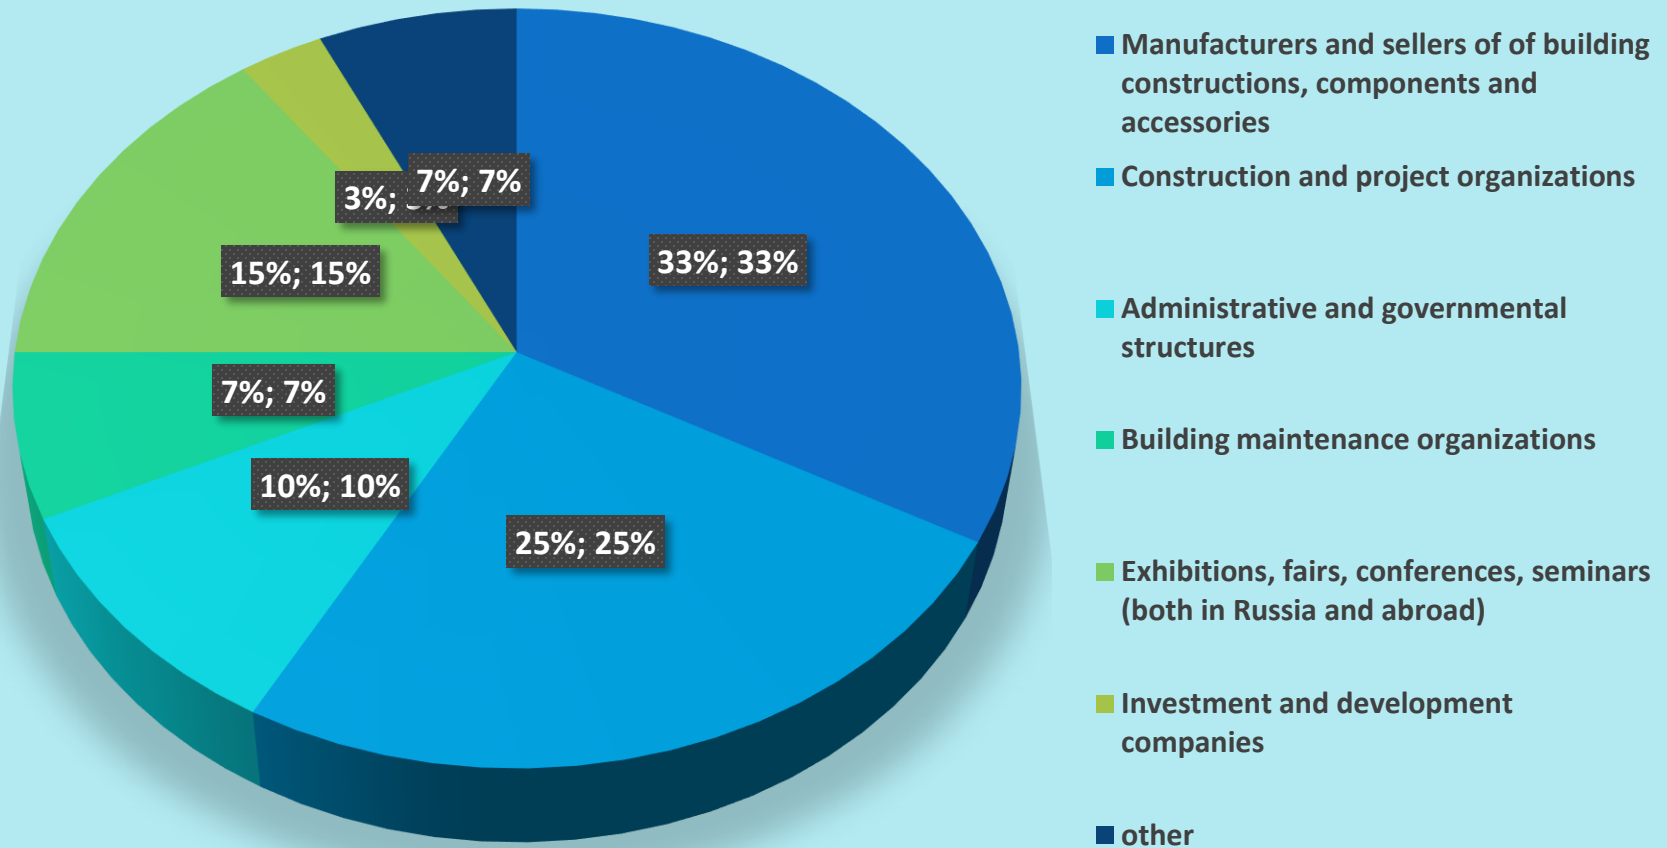

Distribution

For 19 years of operating in difficult political and economic conditions of our publications not only managed to survive and keep their readers, but also to expand their circle, earning the reputation as the undisputed leader of the Russian construction-specialized press.

All our knowledge and experience are aimed at the promotion of our partners in the development of their business in Russia and abroad, serve success in achieving the set goals.

Our subscribers and regular readers are the manufacturers and sellers of building constructions, products and components, investment and construction companies, contractors and operating organizations, project, research, certification and expert organizations, administrative and public structures, individual businessmen from more than 320 cities and settlements of all the subjects of the Russian Federation, as well as from 18 foreign countries.

Statistics of the distribution

How to distribute our publications

- By subscription through the editorial office (IC «Modern Building Constructions», Moscow);
- Through the representative;
- Provision of the Federal Executive bodies of state power, the State Duma and the administration of the President of the Russian Federation;
- Special dispatch of the construction departments and departments of the administrations of regions and cities of the Russian Federation;
- Through the Agency «Ural-Press», «Business press», regional Agency network;
- In all-Russian and regional unions of entrepreneurs, Union of consumer market;
- At specialized exhibitions, conferences, forums.

Publication IC «Modern Building Constructions» presented annually to 130-150 building exhibitions in Russia:

- BATIMAT RUSSIA (Moscow);
- MosBuild /WindowBuild (Moscow);
- Sochi-Build (Sochi);
- Hi-Tech Building & House (Moscow);
- «Construction. The new city» (Voronezh);
- «Construction» (Samara);
- «Stroisib» (Novosibirsk);
- «Construction. Ural» (Ekaterinburg);
- «Building Industry» (Sochi);
- «VolgaBuildExpo» (Kazan);
- «Interplastica» (Moscow);
- «Wooden construction» (Saint-Petersburg);
- «Glass and modern technologies» (Moscow);
- «IntelHouse.EcoCity» (Astana);
- «Uralstroyindustriya» (Ufa) and others.

Internet support

Our partners receive excellent information-advertising platform for their products, goods and services as in printed editions (magazines and catalogues), and in the Internet on the pages of the site www.ssk-inform.ru

Advertiser gets a gift developed specially for him, the page of the site on which the posted informational and advertising articles.

Electronic subscription

In the framework of the subscription publishing house offers the service:

«The whole number in PDF format»

All the subscribers to the printed edition and receive the electronic version of the journals «Windows and Doors», «Walls and Facades», «Roof and Insulation», «Facade Systems», «Green Building Technologies», «the Shutters. The gates. Sun-Design» in pdf format by e-mail **on the day of the fresh number of journal of printing.**

Subscription to the electronic version provides the operative receipt of magazines, gives the opportunity to conduct its own database of journal articles.

Subscribe to e-zines and directories can be on the site

Requirements for publications

1. ILLUSTRATIONS

In Adobe Photoshop: TIFF file with a resolution of 300 dpi, without lzw compression.

In Adobe Illustrator with saving the file in the version not later 9.0: the EPS file to the output resolution of 300 dpi. Mandatory translation of all fonts in curves or the provision of all the fonts of the publication. When using the embedded bitmaps they necessarily attached to the finishing file.

From AutoCAD files are displayed only in the color Grayscale, with preservation of all the elements without additional layers.

In Corel Draw - in a format of up to 9.0 inclusive only in color Grayscale: the file with the translation of all of the fonts in curves, the output resolution of 300 dpi. Embedded bitmap objects are attached to the file.

The graphics in BMP format, and also used in PDF files, are not considered as suitable for use in the proof.

Absolutely inadmissible providing illustrations for print:

- in the form of a Windows metafile;
- in formats JPG, GIF.

Special attention please give the translation of all without an exception of non-ferrous files in CMYK model, as used in the black-and-white layout - in model Grayscale.

2. LAYOUT FILES

Color model CMYK, the output resolution of 300 dpi.

Files QuarkXPress and PageMaker must be equipped with all related files and all fonts used in the publication. The publication should not be used template normal and the RGB color model! All the constituent colors are converted to CMYK.

It is absolutely inadmissible to use in the publication of the false Windows metafile and other embedded static objects.

3. TEXT AND TABLE OF MATERIALS

In MS Office: all submitted materials are considered only as text or support. Text files it is desirable to keep in format RTF.

Portal WWW.SSK-INFORM.RU

Created in 2001, the Internet-site SSK-INFORM.RU long ago has gained wide popularity. But - most importantly - site won the confidence of professionals of the construction industry as a source of reliable, technically correct and objective information. In 2008, the portal has updated the design and expanded functions. Daily resource use from 800 up to 4700 people. In addition to articles from the journals «Windows and Doors», «Walls and Facades», «Roof and Insulation», «Facade Systems», «Green Building Technology», «Roller-Shutters. Gate. Sun-Protection Designs» on a site regularly publishes materials on the issues of development of the construction market, situation in the economy, the issues of technical regulation and self-regulation, legal relations, etc.

On pages of a site WWW.SSK-INFORM.RU or WWW.SSK-INFORM.COM presented:

- leading companies of the industry. Rating [TOP-100](#), [TOP-500 Regional leaders](#), TOP-1000;
- modern construction materials, products and designs, new technologies and equipment;
- information on the construction markets of Russia and foreign countries;
- the results of analytical research;
- the existing legal framework (laws, technical regulations and standards);
- articles on the issues of technical regulation, self-regulation, organization of production, marketing policy, other topical issues of the branch development; the opinions of the specialists;

Advertising on portal WWW.SSK-INFORM.RU - an effective way to attract new business partners.

We offer You different options of accommodation information and advertising on our website:

- **Your exclusive personal page on our website with a link to the main page.**
- **Your banners on the pages of our site.**
- **Video about Your company or activity.**
- **Press releases of Your company.**
- **Sponsorship of a thematic page.**

The variety of advertising formats, the presence of non-standard advertising opportunities packages of integrated solutions provide our advertisers with everything necessary for successful promotion of their products and services, support of image and business reputation, security status of the leading companies of the industry.

We sincerely hope that our capabilities and resources will be useful in the development of your business.
